E-Book Bookstore
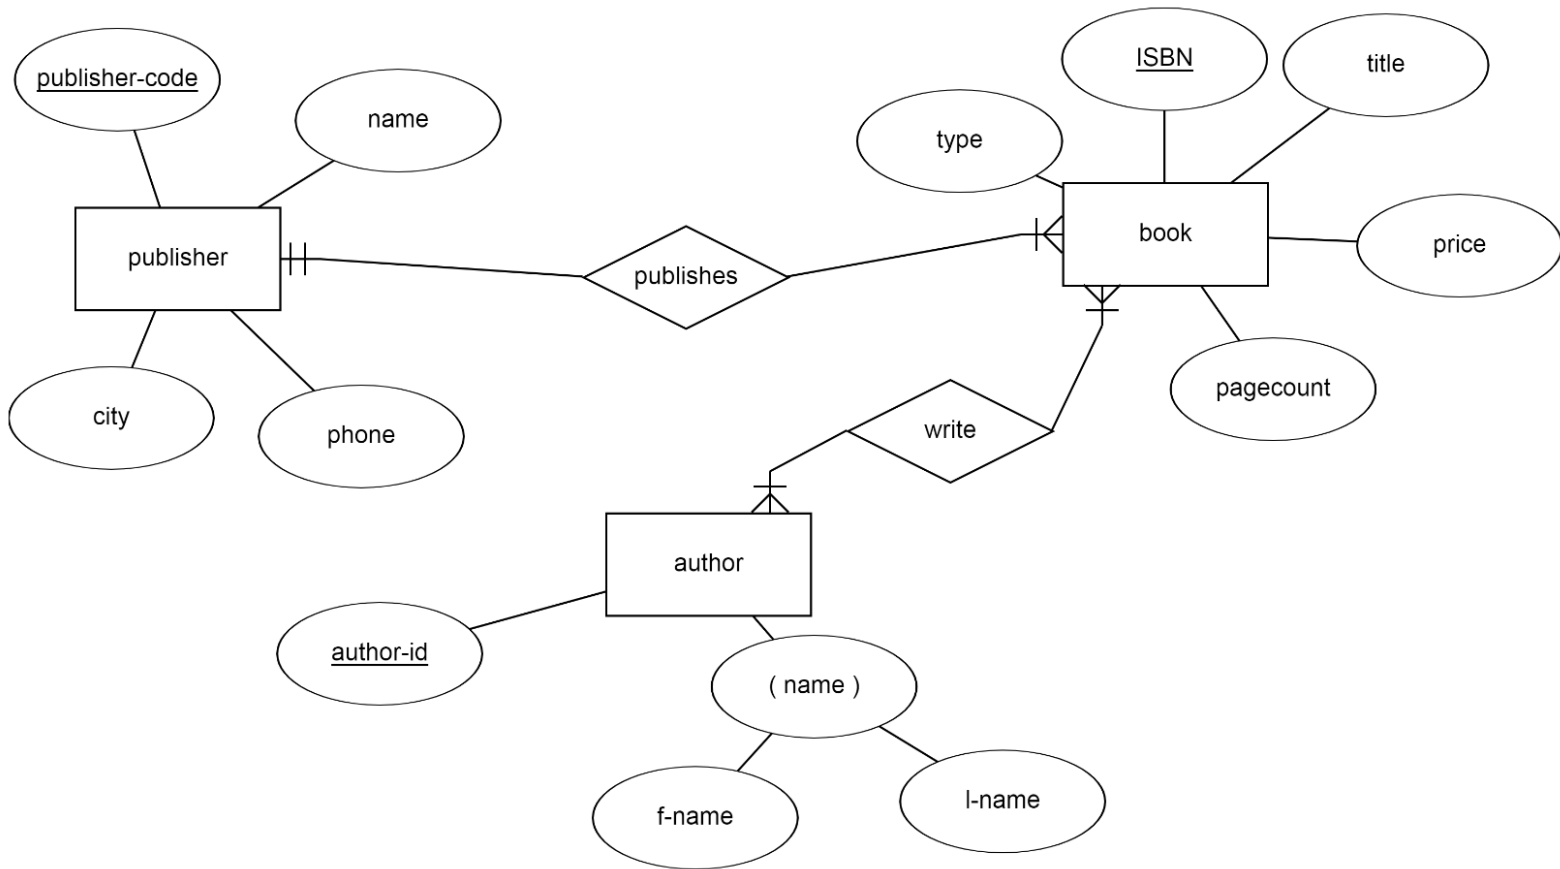

Consider the following information about an E-Book bookstore database:

• Books (identified by ISBN (International Standard Book Number), with title, type, page-count and price attributes) at E-Book bookstore are recorded.

• Information about publisher (identified by Publisher-Code with name, city and phone attributes)

• The author (identified by Author-ID with first-name and last-name attributes) will also be recorded to make sure that the process of searching for the book is easier.

• One publisher can publish many books • One book can only be published by one publisher.

• One book can be written by many authors

• One author can write many books.

- Mohamed Mostafa Mater Salem (Team Leader) - 12500106
- Yousif Mahmoud Mohamed Debian - 12500123
- Amr Sayed Mohamed Ali - 12500108
- Yousif Saber Salamah Awwad - 12500327
- Sarah Sherif Fawzy Ibrahim – 12500065
